## CAP Sign-up Set Today, Funds In Short Supply

### Only Have \$26,107, Need Some \$200,000

Sign up for the 1967 Cropland Adjustment Program begins today at the Agricultural Stabilization and Conservation Service here.

Randall County, like some other counties, is going to be short on funds for CAP, according to Don Lloyd, ASCS office manager.

Lloyd said \$26,107 is available. "We need \$200,000," he declared. "We've been allowed 11,000 acres of cropland for the program but not enough money."

Lloyd said he hopes that more

money will be forthcoming. He emphasized that requests for participation will be considered on a first-come basis.

Lloyd said the CAP is about like the old soil bank. Under the program farmers will divert cropland normally used for production to conserving and recreational uses.

"If a farmer has a feed grain base (corn or grain sorghum) or a cotton allotment he must offer at least all of either the feed grain base or cotton allotment to qualify to participate in CAP. Agreements may be for 5 to 10 years at the option of the farmer. Cost-share payments are authorized for the establishment of approved conservation and recreation practices.

The office manager said designated acreage must be main-

## Hearing On New Bank Dec. 14th

A team of eight investigators were in town Monday in connection with a proposed new bank here.

Some of the investigators represented the state banking commission and others represented Federal Deposit Insurance.

One group talked at length with proposed directors and officers of the proposed bank. A hearing is set before the state banking commission Dec. 14 in Austin.

The bank, proposed as West Texas State Bank of Canyon, would have a capital of \$200,000, a surplus of \$200,000 and reserves of \$100,000.

If a charter is granted Senator Grady Hazlewood will be chairman of the board and David Levens of Midland would be president.

Directors would be Clarence Beckman, Dr. J. Manly Bryan, James M. White, H. R. Fulton, Jr., Virgil Henson and Milton Morris, all of Canyon; and Ed Harrell of Claude.

## PEP Program Set At WTSU

A Panhandle Economic Program will be conducted Wednesday in the Ballroom of the Student Union Building on the West Texas State University campus.

Scheduled to begin at 1:30 p.m., some 250 people are expected for the program aimed primarily at improving income from the agricultural industry through improved use of area resources.

Jim Murphrey, Extension Area Farm Management specialist and coordinator of PEP, will report findings of an 18-month study of Panhandle economic influences.

Others slated to make short presentations at the sessions are representatives from SCS, FHA, ASCS, Texas A&M, Texas Parks and Wildlife Department and the Texas Education Agency.

"The project first started

## Scout Banquet Monday

Randall District's annual achievement recognition banquet will be held Monday evening in the Canyon High School cafeteria.

The event will begin with a potluck supper at 7 p.m. Scouts and their families have been urged to attend. Each family will bring food for the occasion.

Following the cafeteria banquet, the group will adjourn to the CHS auditorium for a recognition program. Included on the program will be installation of new Randall District scout officers with Joe Niedermeyer, scout executive, in charge.

Joe Zinkiewicz will recognize all Eagle scouts on the evening program and Oscar Hinger will be in charge of the recognition of other outstanding achievements of the various Boy Scout Troops and Cub Scout Packs.

## Merchants Give Holiday Prizes

Almost \$1,000 in gift certificates will be given away by Canyon merchants during the 1966 Christmas holiday season according to the sponsoring retail merchants committee of the Canyon Chamber of Commerce.

Prizes will be given on December 10 and December 17 on the east side of the courthouse lawn. The community programs will both be at 3:30 p.m. and participants must be present to win.

Business firms participating will commence giving tickets today, December 1. Six \$143 gift certificates will be awarded during the two events. These will be redeemable in merchandise or service with the participating businesses only.

In addition five Canyon businesses will provide turkeys at each of the events.

Participants must sign their name on each authorized ticket, separate the tickets and place the tickets in containers, which will be provided in each participating business. Participants must be 18 years of age, or the head of a household.

A husband or wife will be ac-

cepted to claim the prize if either of their names are called. Winning certificates are not transferable and cannot be exchanged for cash.

All tickets in the container will be destroyed each week.

## Translators Are Needed

A plea has gone out from the Panhandle Heritage Foundation, sponsors of "TEXAS", for individuals fluent in Dutch, Swedish, Japanese, Portuguese, Italian or German.

Translators are needed to prepare a one-page flyer to be used concerning the outdoor production by the US Travel Service of the US Department of Commerce.

The information will be distributed to twenty outlets overseas in an attempt to attract foreign travelers to the US and to "TEXAS", said Mrs. Ples Harp, president of the Foundation.

Translators are also needed to act as guides or hosts to foreign groups attending the show, she said.

## L. M. Moreland Is Acting PM

Lee Roy Moreland has been named acting postmaster for Canyon effective at the close of business Friday.

Marion Higdon, postmaster since 1957, will go into retirement.

Higdon became acting postmaster here in 1957. His job became permanent August 8, 1958.

Postal Inspector H. W. Ritchie notified Higdon Friday of last week that Moreland would become acting postmaster and that Higdon would step down as of Friday, this week.

Higdon has been employed at the Canyon post office since April of 1936. He came to Canyon from the Jaycees.

The Jaycees will set up Santa's candy-stripe house on the north courthouse lawn, where he will visit with local children that afternoon.

Also planned for the holiday season will be a live nativity scene to be presented two nights on the courthouse lawn. The scene will be presented on the nights of December 15 and 16 through efforts of the Canyon Jaycee-Ettes with assistance from the Jaycees.

yon as a boy of 11 in 1917. He graduated from high school here and attended West Texas State.

"I didn't get my degree," said Higdon. "I may go back and get it yet."

Moreland has been with the post office for the past 20 years. He is a veteran of the Navy having served in World War II.

He became assistant postmaster in 1958. Lee Roy has lived in Canyon for the past 30 years. He is a graduate of Canyon High School and attended West Texas State for three years.

Higdon has been active in the Lions Club, Chamber of Commerce and has helped out on various civic and charitable undertakings.

Moreland has been active in Canyon's Scouting program having served as scoutmaster. He also worked with cub scouts and served on the district scouting committee.

It is expected to be some time before a permanent postmaster for Canyon is named.

## Yule Lights Up This Week

Some 2,800 feet of Christmas lights will be strung around the square sometime this week, said Roland Black, Chamber of Commerce manager.

The lights, purchased by Canyon businessmen, will be strung from light poles and crisscrossed from one street to another, Black said.

Aiding in placing the lights will be two men from Southwestern Public Service and several city employees.

CHRISTMAS CARDS being sent to Vietnam by the Canyon Junior High School History Club are being signed by Tom Van Valkenburg as, left to right, Janice Eubank, Elaine Johnson and JoLyn Gray watch. Additional cards will be collected in a drive Saturday, December 3.

## Bell Announces Rate Reduction

A state-wide reduction in telephone rates totaling \$6 million annually will soon become effective, D. D. Dillard, district manager for Southwestern Bell in Amarillo said.

The announcement follows approval last week from the City Commission on a tie-in between Canyon and Amarillo telephone service.

Largest item in the forthcoming reduction is a lowering of calls within Texas to become effective Jan. 1, 1967. With the reduction, most station-to-station calls over 56 miles in distance in Texas will have lower rates, varying from 5 to 15 cents less for three minutes calls depending on distance.

All intrastate station-to-station calls which are made after 8 p.m. and all-day Sunday will get the lowest night rate. At present, only station-to-station calls are prepaid and credit card calls are charged at this rate.

In addition to the lower long distance rates, there will be reductions of some miscellaneous telephone charges, effective today.

## Buff Ducats Available As Yule Gifts

Gift certificates for season football tickets for 1967 Buffalo home football games are now available, according to Athletic Director Frank Kimbrough.

The gift certificates are being sold at the athletic offices on campus and through the Amarillo Chamber of Commerce. Certificates for the six home games next season will be \$21 for bench type seats and \$24 for chair seats according to Kimbrough.

All games are slated at 7:30 p.m. and will include the season opener September 16 with Montana State. Other teams slated to appear in Buffalo Bowl will be Utah State, September 23; University of Pacific, September 30; Colorado State University, October 7; San Jose State University, October 14; and Arlington State, October 28.

## Yule Cards Sought For Servicemen

Christmas cards for servicemen in Viet Nam are being sought by members of the History Club at Canyon Junior High School.

Collection day will be Saturday, December 3.

The holiday cards will be signed by members of the class for the citizenry of Canyon and shipped to the Red Cross, which will distribute the cards among the servicemen serving overseas.

Persons desiring to contribute cards are urged to contact Janice Eubank, sponsor, at OLS-7379.

## Firemen Battle E-Way Blaze

Canyon and Umbarger Fire Units battled a blaze for more than 12 hours Friday before bringing it under control.

The fire, eight miles north of the city at the McCormick Road Overpass, was reported about 1 a.m. and several Canyon units were called to the scene. A team from the Umbarger Department was dispatched about dawn to aid in transporting water from the Hazelwood Dairy and Canyon to the site.

Destroyed were two box cars, two wooden sheds and lumber stacked nearby. In the structures were bicycles, tires, doors, windows, blinds, tools, and other miscellaneous items. Owner of the property W. H. Manning was thought to have been in Oklahoma when the fire began.

Thirty-two firemen, including six from Umbarger, pumped some 46,000 gallons of water before the fire was extinguished.

"We don't know how it started," said Fire Marshall Jack Jennings, "but there were fires in several locations when we arrived."

While waiting for water, many of the firemen, who were still dressed in pajamas beneath their fire-fighting gear, rested at intervals on a dirt road near the blaze.

A gas line buried under the box cars gave firemen no problem. A utility pole was badly charred and later replaced by Southwestern Public Service

Company employees.

One fire unit, that registers mileage as it pumps water, indicated it had been run the equivalent of 160 miles.

One Canyon unit was left in Canyon should a fire break out here.

"We're losing money on this job," commented one fireman. "We get \$1 for every man here for the department's 'kitty'—our breakfast cost \$1.25 per plate this morning."

## COC Slates Dinner For New Faculty

Canyon Chamber of Commerce board of directors at a regular meeting Monday night made final plans for the Businessmen-New Faculty Member dinner to be held Friday Night.

The dinner will be held at 7:30 o'clock in West Texas State University East Cafeteria. Businessmen will be hosts for new teachers in the community.

Plans also were drawn for the annual Chamber of Commerce banquet which will be held at 8 o'clock the night of Jan. 12. Jerry LaGrone and the Red Carpet Committee will be in charge of ticket sales. Dr. James P. Cornette will introduce the speaker.

Dr. T. Paige Carruth will be in charge of entertainment.

Speaker for the occasion will be Bob Murphrey of Nacadoches.

CANYON BOY SCOUTS of the Order of the Arrow repaired and painted several toys Saturday in the City Barn. Shown here is Ronnie Hager, left, and Mike Branum. The toys will be given to needy children in the community at Christmas.

## Scouts Fixing Christmas Toys

Several boys in the Canyon Scouts Order of the Arrow gathered Saturday to fix and paint toys that will be given to needy children at Christmas.

Meeting in the City Barn, the boys used paint donated by Canyon merchants and Randall County to brighten the toys collected throughout the neighborhood.

Among those participating were Roger Gist, Ronnie Hager, Craig Parker, Sandy Hair, Lynn Salmon, David Graham and Mike Branum.

## Trusty Wants Own Business

Floor polishing, one of the trusty's jobs in the Randall County Courthouse Annex, involves many work hours each week.

One trusty, who has been convicted of theft, was deftly buffing a section of the hall floor early this week.

"When I get out of here," he was heard to remark to no one in particular, "I'm going to steal one of these buffers and go into business for myself."

## City Seeks Suggestions

In an attempt to determine how to better serve Canyon, City Manager Gary Gwyn has requested that residents mail their suggestions to City Hall.

"We want to know what the people think," Gwyn declared. "It's their tax money and the services are for them."

"We don't care," Gwyn continued, "if they sign their name or not, but we do want to know how they feel on city matters."

Several suggestions, about half of them signed, have already been received, Gwyn said, and more are expected.

Among those suggestions offered include lower water rates, speed zones, better library facilities, street signs easier to read and see, a flat water rate and a modernization program for the downtown area.

Suggestions received, Gwyn said, are carefully read and categorized according to departments.

"We want to make Canyon a better place for all of us to live," Gwyn said.

## FROM THE CANYON RIM

By Troy Martin

Can't something be done about the traffic light at the post office corner?

With winter coming on, it is tough for the pedestrian trying to get from the west side of the square to the post office.

Some of these cold days, a pedestrian driven by cold wind will jump that light into the path of an oncoming automobile. Is it necessary to have a tragedy before we get that traffic signal into balance?

Also, we need a traffic signal at Fourth Avenue and Twenty-Fifth. Twenty-Fifth Street handles lots of traffic.

Fifth Avenue west from the square is dangerous. There are only two stop signs between the square and the junior high school. This doesn't count the stop signs at the square or across from junior high school.

Tall elm trees along the avenue make the need for some kind of traffic control even more imperative.

This is the only country in history to send its teenagers off to war while adults of the nation wallow in luxury. Most of us don't like to be reminded that American kids just out of knee pants are dying in Vietnamese jungles.

The most horrifying aspect of the war in Vietnam is that kids who are captured are abandoned by their country.

I think the worst part about this war is that we do nothing to liberate our soldiers who are captured.

The truth about Vietnam is that we are feeding kids to Red cannon like feeding hay to a donkey.

We are not in as good shape in Vietnam as we were a year ago. If we continue our present course we will not be in as good shape next year as we are now.

South Vietnam, like so many oriental countries, is run by

people more dedicated to graft than to their to their country.

It's time we get some help out of the South Vietnamese if they love liberty enough to merit our help.

The South Vietnamese have one military achievement that about sets a record. They are experts on bugging out when the chips are down.

It's time we put it straight to the South Vietnamese. Either they get up off their haunches and help themselves or we walk out on them. We need to put it just about as straight to the Japanese, India and Australia.

No one has more at stake in Vietnam than Japan but to date

(Continued from page one) tained for the duration of agreement in such a manner as to prevent erosion and to control weeds, insects and undesirable rodents.

No crops may be planted for harvest or harvested on the designated acreage. The farmer must comply with all acreage allotments and the feed grain base for the farm under agreement as well as on all other farms in which he has an interest.

Sign-up for CAP theoretically runs through March 31, 1967 but available funds probably will be expended before the March deadline.

Payment for corn under CAP will be 55 cents per bushel; for grain sorghum, 41 cents per bushel and for cotton, 6 cents per pound.

Payments will be based on projected yield.

The average non-allotment rate is \$7 per acre.

Lloyd this week reminded farmers that the upcoming referendum on marketing quotas for cotton is to begin Dec. 5 and will end Dec. 9. Ballots are being mailed out to eligible voters.

the Mikado has not sent a single soldier to help us.

I think if we talked straight to the people who pretend to be on our side and yet seem to have nothing to offer but criticism, we'd get a lot more help from our so-called allies.

John Tower will go to the Republican national convention in 1968 as a favorite son if something drastic doesn't happen before that time.

This is the way political poker is played. There is a somewhat dim possibility that Tower could at least be considered for a second place spot on the GOP ticket.

It seems certain at this point that Hubert Humphrey will be dumped from the Democratic ticket. If he will have it, Bobby Kennedy has good prospects to fill out a Johnson ticket—that is if Bobby doesn't hit on a way to put himself in the number one spot.

It is not likely that Johnson will be knocked out of the top place for the Democrats. It is unusual for an ineligible incumbent President to be booted by his party.

I predict that if Johnson is a candidate for the Presidency, Robert F. Kennedy will be the Democratic candidate for the Vice-Presidency. Bobby can't afford to take the chance of letting someone else get within a heart beat of the Presidency a minute longer than he can help it.

Johnson may need Kennedy desperately in 1968. You can bet that Robert F. Kennedy will not be the docile Vice President that Humphrey has been. Kennedy will have to go for broke. If he doesn't grab that brass ring in 1972 he probably never will.

Peppermint Lane, dreamed up to build business in downtown Amarillo, has backfired. People weren't shopping in downtown Amarillo Monday. There was no parking space.

Parking space is important to Canyon too. I think business people here in Canyon who can possibly do so should find parking places other than around the square.

Don't ever tell me that Canyon teenagers are irresponsible. We have one group of boys who are spending their spare time, in a busy part of the school year, painting and fixing toys for children who might not have any toys otherwise.

Another group is getting Christmas cards together for the boys in Vietnam.

If we adults will get as much on the ball as the kids do we just might pass on to them a world worth living in. We just might.

## County Agent's Column

One of the 4 area meetings to acquaint business and agricultural leaders with the Panhandle Economic Program will be held in Canyon at West Texas State University on Wednesday, December 7. Leaders from the 26 county Panhandle area will be invited to attend one of these meetings. Counties to be represented at the Canyon meeting are: Randall, Potter, Swisher, Deaf Smith, Parmer, Castro, and Armstrong.

During the past year an intensive study of economic influences was made by specialists at Texas A & M University. More than 150 economic leaders in this 26 county area contributed to the study. This study of the economic activities and resources has been published and will be distributed to leaders at the area meetings.

The Canyon meeting will be held in the ballroom at the Student Union Building at West Texas State University. It will start at 1:30 p.m. and will last until 4:30 p.m.

Seedling trees for windbreak plantings may now be ordered from the Texas Forest Service for delivery next spring. There are about one dozen varieties of trees and shrubs available. Each year these seedlings are made available to people in this area who wish to establish windbreak plantings.

The cost of the bare-root small seedling trees is \$1.50 per hundred plus 2% tax. An order must total 100 or more trees and each species will be packaged in lots of 50 each.

Order blanks and instructions for planting are now available at my office in the Randall County Courthouse. The seedlings are shipped postage prepaid to each individual who orders and remits the purchase price with order. All orders must be received by January 31. Delivery will be in late March or early April.

Soil samples to determine fertilizer needs can be taken

RAINFALL IN CANYON is behind the normal for this time of year by 1.71 inches, according to Dr. M. B. Measamer, head of the geography department at West Texas State University. He records local weather information.

At press time Wednesday, the total of 17.19 inches of moisture had been received for the year of 1966 and the normal for that date is 18.9.

During the past week Dr. Measamer reports a high of 76 degrees and low of 28 degrees.

now to avoid the rush next spring. A complete soil analysis will be made by technicians at the Texas A & M Soil Testing Laboratory at Lubbock, Texas and a fertilizer recommendation will be made for each specified crop.

Soil scientists who are acquainted with soil and crop research in this area will make each recommendation. The past history of each field, the crop to be grown in 1967, and yield goal established by each producer is considered in making each fertilizer recommendation.

EAGLE SCOUT AWARDS were presented to these four Canyon boys Monday evening. Receiving the special honors were, left to right, Howard Gidden, C. L. Miller, Steven Russell and Bobby Brotherton. Merit badges and other awards were also presented at the Court of Honor in the First Christian Church.

## Eagle Received By Scouts

BY WAYNE BOARD  
Four Canyon boys received Boy Scout's highest honor, the Eagle Award, at a Court of Honor ceremony Monday evening at the First Christian Church.

Those receiving the awards were Bobby Brotherton, Howard Gidden, C. L. Miller and Steven Russell.

"It is easier to build a boy," said Oscar Hinger who was one of three making the presentations, "than to mend a man—I am sure you parents here tonight realize that."

Son of Mr. and Mrs. Robert B. Brotherton, Bobby starting Scouting in 1960 when he joined Cub Scout Pack 31.

After completion of the Webelos Award, he went into Boy Scout Troop 66. For three and one half years he has been active in all troop projects and has earned 26 merit badges.

Among the awards he has earned are the mile swim, Red Cross advanced swimmer and junior Red Cross lifesaving and water safety certificates.

He received his God and Country Award last May. Before becoming a member of the Senior Patrol, Bobby was a member of the Thunderbird Patrol and served as Patrol Leader in 1965-1966. He also served as Den Chief in Pack 31 in 1965 and as Troop Bugler for the last three years.

Bobby has attended four summer camps, participated in four District Camporees and three Troop Camporees.

His troop trips have included four to Possum Kingdom two to Sipapu Ski Lodge and one to Tres Ritos and the Pecos Wilderness. His camping time totals between 70 and 75 days and nights.

C. L. Miller, son of Mr. and Mrs. Luke Miller, has been a Boy Scout for three and one half years and was a Cub Scout for two years.

He has earned 21 merit badges and was patrol leader for the Buffalo patrol for more than two years before becoming a member of the Senior patrol.

He has attended summer camp four years and four district camporees. He has been on two ski trips to Sipapu and has attended three fishing trips to Possum Kingdom. He also attended the wilderness trip to Pecos two times.

C. L. has earned his mile swim award at summer camp his second year at the camp.

He is an active member of the First Christian Church and received his God and Country Award this April. He also has a newspaper route.

Beginning his Scouting career with the Cubs in 1957, Howard received his Tenderfoot Award in 1960. He is the son of Mr. and Mrs. Joe Gidden.

He has attended summer camp three years, Possum Kingdom trip one year, and took two ski trips to Sipapu.

The first in his parish to receive the God and Country Award, Howard has been an altar boy at St. Ann's Catholic Church for the last four years.

Howard was a Honor Roll student all his years in junior high and has been on the merit list for his high school career.

A member of the band his freshman year, he has played

varsity football his junior and senior years. He also participates in basketball and baseball.

He has been in the Science Club three years and is currently the group's president.

Named to "Who's Who as a junior, Howard was on the Student Council his freshman and senior years.

Active in Sunday School and Christian Youth Fellowship at the First Christian Church, Steven, son of Mr. and Mrs. Ross Russell, was active in Chi Rho from the sixth through the eighth grade.

He has participated in basketball, football, Student Council, sixth grade choir, Library Club and the Texas Readers Club.

An Honor Roll student, Steven is a member of the National Junior Honor Society and the Spanish and History Clubs.

Beginning his Scouting activities with the Cubs in 1963, Steven has been Scribe, Assistant and patrol leader and is now a member of the senior patrol.

He received the junior leadership certificate of training in 1965 and his God and Country Award last year. Steven has participated in three troop camporees with the Pioneer Patrol and has been active in four district camporees.

His trips include three summer camps, three excursions to Pecos, one to Tres Ritos, three to Possum Kingdom three to Sipapu. His camping days total approximately 75.

Steven has a newspaper route and has played Little League baseball for five summers.

"An Eagle Scout," Hinger said, "is an Eagle Scout always." Others presenting the Eagle Awards were Craig Hinger and Larry Brotherton.

Introduced by Scoutmaster Robert Brotherton as transfer members and presented with their troop neckerchiefs was David Word and Kent Zevely.

Assistant Scoutmaster Ross Russell assisted Brotherton in presenting membership cards, pins, camporee patches and merit badges to the troop.

Senior Patrol Leader Lynn Salmon was presented with the Senior Patrol Leaders Warrant by Gene Myers. The troop charter was given to the Rev. Charles P. Meredith.

Lynn presented Patrol Leader Warrants to Eddie Carlton, Neal Knight, Ben Peckenpaugh, Steven Daugherty, Larry Hendrickson, Noble Cates, and Jamie Martin. Den Chief Warrants were given to Keith Zook and Ernest Williams.

Others receiving awards were Troop Scribe Warrant, Gene V. Morrison; Junior Assistant Scoutmaster Warrant, Gene Myers; and Honor Camper awards to John Upshaw and David Low.

## Tennis Court PTA Fund Goal

Money collected through a Happy Parent-Teacher Association Christmas Card Fund will be applied to the group's current project of helping construct tennis courts at the school.

The money usually spent for cards and postage sent within the city by residents and businesses is contributed to the fund, said Chairman Burl Sims. Happy's First State Bank will collect the funds and anyone wishing to contribute should specify the money is to be used for the project.

Past projects completed include inter-com systems for the high and grade school; audiometer for hearing tests for the students; and a mobile X-ray unit for community use.

Sims said response to the Card Fund in the past had been good.

## Sternenberg Cage Honors

Pam Sternenberg, a senior at Canyon High School, has carried off the Canyon News' initial basketball Player of the Week honor.

The Eagles' post forward poured 37 points through the nets against Sanford-Fritch, leading her team in scoring for the fourth time in four games this season.

Asked how she felt about scoring 37 points in one game, Pam says, "I was shocked—that's the most I've ever scored in my life."

Pam is a co-captain on the girls' high school team with Gayle Swartzell.

A basketball player since the seventh grade, Pam is also an avid snow-and water-skier, as well as a swimming and volleyball enthusiast. "I'd like track, too, if we had it, but basketball and volleyball are the only girls' sports that our high school has," comments the lively senior.

Outside the field of sports, Pam is president of the high school choir, and is a former vice-president of FHA with a

Junior Degree. Her hobbies include cooking and sewing.

Pam admits that the Sanford-Fritch game was her best ever. At 5-9, "My height helps me," she says of her scoring ability. She rates Tulsa as the best team she has ever faced.

"She's a real leader as well as a captain," says Coach Bob Schneider, adding, "Pam's a fine leader with a good attitude, and I'm expecting good things out of her the rest of the year."

Both Canyon High School varsity basketball teams suffered decisive defeats Tuesday night, with Borger besting the Eagle boys 67-47 and Vega outshooting the Eagle girls 41-25.

"We just couldn't seem to do anything right," said Buchanan of the Eagles' first start of the season. "We shot a fair percentage, but we just didn't shoot enough. We didn't run our offensive patterns and committed

far too many fouls (27) to win."

In Borger the Eagles were meeting a team with previous game experience, perhaps accounting for the Bulldog victory.

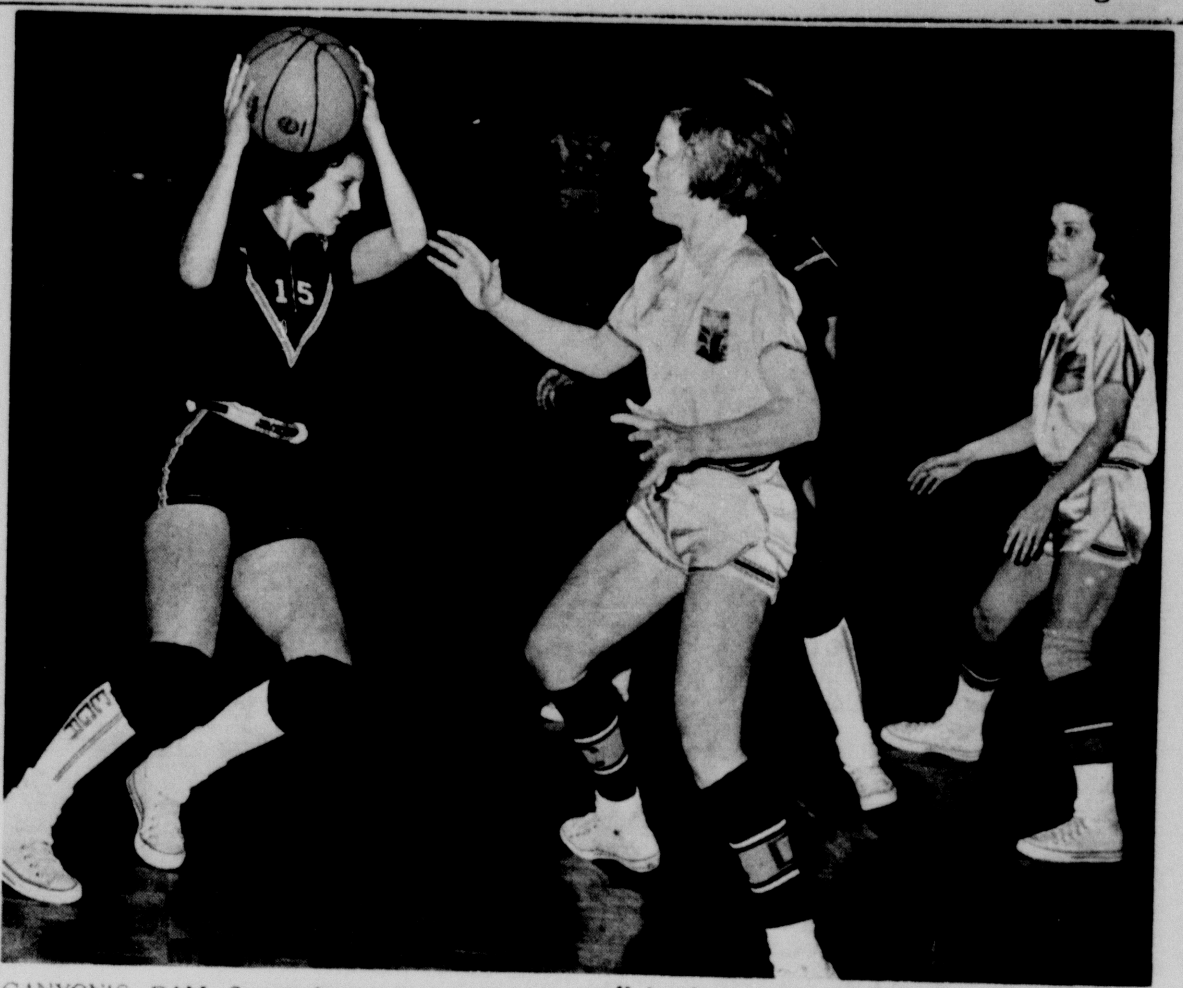

The Canyon girls traded basket for basket against Vega at CHS Gymnasium for three quarters, but a fourth quarter scoring slump that produced only one Canyon point allowed Vega to take a 41-25 win. After three periods the teams were in a 24-24 deadlock.

Coach Bob Schneider had compliments for the strong defensive work of his guards--Gayle Swartzell and Marilyn and Carolyn Wieck.

Pam Sternberg "did her usual good job," said Schneider of Canyon's top scorer who had 10 points.

Cathy Gerald, just returning to the lineup from a foot injury, pumped in seven points, while Susan Swartzell added six for Canyon.

Marilyn Wieck led the rebounders with seven caroms.

# "TEXAS" Popularity Shines Along With Nation's Best 1966 Dramas

By Lorena Miller

"They are all wanting to know more about our 'TEXAS'," says Raymond Raillard upon return from a recent manager's conference at the Institute of Outdoor Drama in Chapel Hill, North Carolina.

Raillard is executive vice president of the Texas Panhandle Heritage Foundation, located in Canyon, which was responsible for the successful production of the drama "TEXAS" last summer in Pioneer Amphitheatre at Palo Duro Canyon.

Raillard was among 51 representatives from drama and planning groups in attendance at the manager's conference. Ten of the 22 operating dramas of 1966 were represented. The planning groups present were from the states of Wisconsin, Texas, Ohio, North Carolina and Georgia.

A highlight of the conference was an address by Voit Gilmore, former director of the US Travel Service. Gilmore gave outlines of the operation of the agency and indications of the areas and methods of cooperation between the outdoor drama field and the department of commerce.

Raillard said that next summer the US Travel Service will distribute literature concerning "TEXAS" to eleven foreign countries. During the 1966 summer productions some 53 countries were represented by guests at the local production.

"All of the outdoor dramas reported successful seasons and many broke previous attendance records," said Raillard. The local production "TEXAS" was second in attendance only to "Unto These Hills" at Cherokee, North Carolina.

The North Carolina show had 120,000 total attendance as compared with 61,338 for "TEXAS". But "Unto These Hills" has been playing for 16 years and has a theatre seating capacity almost double to the Pioneer Amphitheatre according to Raillard.

From North Carolina, Raillard travelled to Williamsburg, Virginia and the Lake Matoka Amphitheatre, which is the site of Paul Green's "The Common Glory" which holds a record of 20 years production with

over a million visitors.

Raillard then traveled to Washington, D. C., where he visited the National Association of Travel Organizations to express appreciation for their selection of "TEXAS" as number one attraction in the "top twenty" tourist attractions of the USA during July 1966.

Other stops for Raillard included the US Travel Service, the National Triple A and other organizations interested in travel and tourist attractions and found them "very interested in TEXAS and pleased with reports from the first years run."

In New York City, Raillard visited the American National Theatre and Academy and was one of 25 selected to attend a seminar on resident theatre management. Faculty and guest lecturers were from resident theatres in Philadelphia, Pennsylvania, New York, New Haven, Connecticut, Minneapolis, Minnesota, and Boston, Massachusetts.

"Many drama critics from the major cities of the east were also present," said Raillard who reports that the resident theatre groups have more problems than do the outdoor dramas. While in New York City, Raillard attended six stage productions on Broadway and in comparing them with his own "TEXAS" he said "they don't seem to give you anything to take home with you."

Returning to Austin, Raillard attended the Governor's Conference on Tourism which was highlighted with a report from Angus Wynne, Jr. who is president of "Six Flags Over Texas" amusement park which entertained some 1,800,000 last summer.

"The basis of their success has been that they don't have customers...only guests," said Raillard emphasizing that these points were used in the production of "TEXAS" last summer.

"They use college students throughout their operation and find a spark of spontaneity and enthusiasm which is contagious and fun," stated Raillard. "We are planning to utilize their ideas to a greater degree in

TEXAS next summer."

Also discussed at the Governor's Conference was the upcoming 1968 Hemisfair in San Antonio, which is expected to draw about 8 million visitors.

"Those going to the Hemisfair will have to travel many miles in Texas and we hope to have 'TEXAS' as a drawing card for those who travel in the Panhandle area," said Raillard.

"Tourism is the third ranking business in the United States," stated Raillard. "Practically every state either has or is planning their budgets to promote their areas."

During the Thanksgiving holidays, Raillard said that some 500 European travel agents and writers were visiting the United

States in the hope of discovering America and its tourist possibilities. This delegation made a stop in the Dallas area on their tour.

"The American Express Company which conceived the idea of foreign travel agents visiting and sold it to President Lyndon Johnson's cabinet task force committee on travel believe the project worth the effort and investment," Raillard said. "Apparently so do many domestic and foreign airlines who furnished free transportation and hundreds of hotels, motels and restaurants who contributed to the visit."

"We in Canyon should be proud of our TEXAS because of the calibre of entertainment it offers and its perpetual heritage and its financial assistance to nearly 100 students at our university," Raillard asserted.

In discussing tourist attractions in Texas at the Governor's Conference there were many who mentioned Paul Green's drama of TEXAS as an outstanding production according to Raillard.

In conclusion Raillard commented that he wore western regalia while on his tour of the east and did not see another Stetson hat until he returned to the Governor's Conference in Dallas.

## Southwestern Bell announces \$6 million rate reduction for Texas Telephone customers

### Second Voluntary Reduction For Texans in Two Years

At a time when prices for most goods and services are continuing their upward spiral, Southwestern Bell has announced a voluntary reduction in rates that will result in annual savings of \$6 million for Texas telephone users.

Included in the reduction are both Long Distance rates (effective January 1, 1967) and a series of miscellaneous telephone charges, (effective December 1, 1966).

### Lower Rates on Long Distance Calls Between Cities in Texas

Reductions in intrastate (calls within Texas) Long Distance rates become effective January 1, 1967.

With the reduction, most station-to-station calls over 56 miles in distance will have lower rates, varying from 5 to 15 cents for three minutes, depending on the distance. Reductions are even greater for calls over three minutes.

In addition, all intrastate station-to-station calls which are made after 8 p.m. and all-day Sunday will get the lowest night rate--a maximum charge of 80 cents, plus tax, for three minutes. At present only station-to-station calls which are prepaid (charged to the number placing the call) and credit card calls get this low rate.

This is the 10th reduction in Long Distance rates for Texas telephone users since the end of World War II.

### One-Time Color Charge, Other Rates Reduced on December 1

Texans will also enjoy savings on other telephone services, effective December 1, 1966.

These include the one-time charge for telephones in color (from \$7.50 to \$5). This is also the second reduction in the color charge in the past two years.

The original color charge was reduced from \$10 to \$7.50 on April 1, 1965.

And a new Residence Service Charge will benefit most residence customers who will be arranging for new service and additional service requiring installation. At present, there is a Service Connection Charge on each item of equipment installed. The new flat-rate, one-time Residence Service Charge will enable residence customers to have two or more telephones installed for the price of one.

There will also be a reduction in the monthly rate for amplifier telephones (presently ranging from \$1.25 to \$2). The new charge will be \$1. Amplifier telephones are primarily used by persons with hearing impediments and at noisy locations.

### Customer Cooperation Helps Reduce Long Distance Rates

Technological developments continue to play an important part in keeping the cost of telephone service at a reasonable level. But much of the credit for making possible the reductions in Long Distance rates goes to Texas telephone users.

Without the cooperation of our customers in placing their calls by number, using Area Codes, and the taking advantage of Direct Distance Dialing where it is available, it would not have been possible to achieve the operating economies that have made possible these reductions.

We know of no better way, in passing these savings directly back to you, to say "thank you."

## Washington In All-Stars

West Texas State's all-time passing champion Hank Washington has been selected to play for the South in the North-South All-Star Game in the Orange Bowl at Miami, Fla., on Dec. 26.

Washington led the nation in total offense yardage six different weeks this season, including a string of four consecutive weeks, and guided the Buffaloes to a team total of 3,898 yards, WT's greatest offensive display since 1950.

The Buff "Missleman" completely rewrote West Texas State's passing records, establishing twelve individual records in that category. No mark seemed beyond the reach of the man who can throw the football 100 yards.

Warren Hasse, who teams with Dick Risenhoover to broadcast the West Texas State football games, had this to say about Washington's record 390 yards passing against the University of Pacific: "George Washington tossed a rock across the Delaware, but Hank Washington tossed a football across the Pacific."

Mrs. Earl Miller and children, Debby and Kevin and Miss Sherry Kirkman spent the Thanksgiving holidays in San Angelo visiting with Mrs. Miller's daughters, Mrs. Bill Watson and Sharon Miller.

Visiting with Mrs. Donnie Collins during the holidays was her daughter's family from Michigan.

## Miss Batenhorst Weds Greg Stork

mony, the couple was presented with a religious statuette by Miss Jannette Brandt and Jim Wieck.

Given in marriage by her father, the bride wore a formal gown of white imported peau de soie with re-embroidered Alencon lace. The fitted bodice was accented with a sabrina neckline and long sleeves which terminated in petal points above the hand. # Christmas Party Recipes

Christmas is fast approaching—only 24 more days— and in the meantime a majority of Canyon women will serve as hostesses for gala holiday events.

You can add a different touch to your party with the following holiday recipes to tempt your guests.

Included in the holiday party assortment are an after-hour tidbit, a sweet fruit roll, miniature meatballs to tempt the palate, assorted dips for informal entertaining, a baked cheese puff which may be prepared well ahead of the party, a nut-rolled cheese log, and three simple and easy holiday beverages.

As you prepare these holiday treats for your guests remember that next week's (December 8) fare will include cakes and desserts for the holiday.

1 cup Dr. Pepper  
1/4 tsp. dry mustard  
2 Tbsp. catsup  
1/8 tsp. black pepper  
1 Tbsp. vinegar  
1 Tbsp. soy sauce

Over very low heat, saute garlic in oil until pieces are tender but not brown, discard garlic.

Brown meat balls on all sides and remove from oil.

# Buffalo Record Books Rewritten

"The year will go down in Buffalo history as the year the record book was rewritten," former West Texas State publicity man Lou Spry announced last year. With that title already reserved, 1966 must then be known as the year the 1965 records were rewritten.

Twenty-two single game or season records were established or tied in the past season, while eight career marks were set. Most of the record setting came on the throwing and receiving ends of Hank Washington's bazooka-armed passes.

Individual single game records, with former records in parentheses, were net yards passing--390 by Washington vs. Pacific (296 by Washington vs. Arizona State, 1965); passes attempted--48 by Washington vs. Memphis State (38 by Washington vs. Arizona State, 1965); passes completed--27 by Washington vs. Memphis State (19 by Washington vs. Arizona State, 1965); passes caught--13 by Dave Szymakowski vs. Pacific (8 by Szymakowski vs. Texas Western, 1965); yards gained receiving--213 by Szymakowski vs. Pacific (183 by Szymakowski vs. Texas Western, 1965); and field goals scored--2 by Tommy Fambrough (ties 2 by Fambrough vs. Texas Western, 1965).

Individual season records set were in total offense--2,180 yards by Washington (1,566 by Gene Mayfield, 1950); yards passing--2,107 by Washington (1,403 by Washington, 1965); passes attempted--281 by Washington (243 by Washington, 1965); passes completed--163 by Washington (119 by Washington, 1965); touchdown passes--17 by Washington (13 by Foster Watkins, 1938); passes caught--58 by Szymakowski (34 by Roy Armentrout, 1965); touchdown passes caught--6 by Szymakowski (5 by Lother Stephenson, 1938); field goals kicked--6 by Fambrough (4 by Ollie Ross, 1963); and yards returning punts--300 by Curley Watters (265 by Tony Waters, 1964).

Career records were set by Washington with 282 passes completed in 524 attempts for 3,510 yards and 27 touchdowns, Ted Wheeler with 71 pass receptions, Szymakowski with 1,079 yards gained receiving, and Fambrough with eight field goals.

Washington set his career marks in only two years, bettering Jim Dawson's four-year accomplishments. Szymakowski, although only a junior, already has the lead in yards gained receiving and is only one reception shy of Wheeler's record 71. Fambrough has two more years to increase his kicking records.

Team single game records broken were yards gained passing--470 vs. Pacific (355 vs. Texas Western, 1965); and total offense yardage--576 vs. Pacific (new post-war record).

Team season records set were net yards passing--2,313 (1,638 in 1965); passes completed--174 (134 in 1965); and touchdown passes--18 (14 in 1938).

MUTT AND JEFF--WT version--are 5'9" Dale Morris of Quail, Tex., and 6'10" Jim Nielson of Gunnison, Utah. Both sophomores are making good progress for the Buffalo variety, which opens against the powerful Phillips 66ers here on Dec. 3.

# WT Open Against Phillips

Coach Jimmy Vramontes' West Texas State cagers open their 1966-67 season against the rugged Phillips 66ers of Bartlesville, Okla.

A glance at the Phillips record indicates just how rugged the 66ers are. In their 39 seasons of basketball, they have never had a losing record. Last year's team posted a 47-6 record, to boost the 66ers all-time mark to 1,464 wins against 252 losses.

Phillips has unquestionable talent in a great array of former collegiate stars, but the 66ers also have an edge on the Buffaloes in experience this season. Owning a 7-1 mark, with the only loss to the Mexican Olympic team, the 66ers will be facing a West Texas team with no game experience this season.

"It would give us a tremendous start to defeat the 66ers, and we're going all out to do so," says Vramontes.

"This could be one of the finest teams in the 66ers' history," Vramontes adds, "and it would be great if we could defeat them."

Expected to start for West Texas are Rod Teague and Mike Mitchell at guards, David Now-

lin and Mickey Fitts at forwards, and Vern Furlow at center. All were regulars last year, except junior college transfer Nowlin and Mitchell, who starred on the WT freshman team a year ago.

The 66ers will have a height advantage of two inches per man, 6-7 to 6-5.

Phillips sports some of the outstanding former college basketball stars in the nation, the most notable of which is 6-9 giant John Beasley of the Texas Aggies.

Beasley was a three-time all-

## Craig Family Has Surgery

The Earl Craigs, formerly of Canyon, have both undergone surgery at M. D. Anderson Hospital in Houston recently within a ten day span.

Mrs. Craig had major surgery while her husband underwent lung surgery. The Craigs presently live at Gladewater.

Mr. Craig is a former pastor of the Central Church of Christ in Canyon. He preached here in the 1930's and later was the first director of the Church of Christ Bible Chair at West Texas State University in 1948.

Southwest Conference choice, and won the SWC's Player of the Year award both his junior and senior years. He averaged 27.8 points his senior year, and gained a reputation as a strong rebounder. Twice he gained all-State recognition at Kildare (Tex.) High School.

Jeff Congdon comes to the 66ers from Brigham Young. Last year he led BYU to the National Invitational Tournament championship. Very fast and an outstanding passer, Congdon won 14 letters at Bolso Grande High School in Garden Grove, Calif.

The tallest man for Phillips is 6-10 Kendall Rhine. Twice all-SWC at Rice, Rhine was the top rebounder for the 66ers last year.

Other 66ers to watch are Jim Kerwin (6-3, Tulane), Gene Johnson (6-7, Oklahoma State), Darel Carrier (6-4, Western Kentucky State), and Ray Carey (6-7, Missouri).

Phillips Coach Gary Thompson has an 80-17 record for his two years with the 66ers.

The 66ers went all the way to the finals of the National AAU Tournament last season before they were beaten out by the Ford Mustangs, 71-67.

CANYON'S OWN Jody Richardson, West Texas State guard, is expected to see action against the visiting Phillips 66ers in Buffalo Fieldhouse Saturday night. Jody was a member of Canyon High School's State Champion basketball team in 1964. He belongs to an outstanding sporting family—his brother Jerry plays pro football for the Atlanta Falcons. The Buff-66er tip-off is slated for 8 p.m.

The Southern Association is expected to give accreditation some time in December.

Gene Howe is the only school in the Canyon system not yet accredited.

Curriculum, central libraries and secretarial staff are among the items considered before accreditation is given, Laycock said.

Holiday guests in the Arvin Triplett home were Mr. and Mrs. Henry Miller, Tony and Jim of Delta, Colorado. Other guests were Mrs. Rowland Triplett and Mary Elizabeth of Claude, Mr. and Mrs. Charles Triplett and Larry Gene of Happy, Mrs. Randy Johnson, Jeanette Ely of Amarillo, Cynthia Mickey of Tulia, and Mickey and Quenton Ely of Amarillo and David Mickey of Tulia.

## Cowboys To Host Tourney

What'd you expect us to put our Overhead Cam Six in?

An ordinary car?

Our revolutionary 165-hp OHC 6 is so revolutionary we had to do something special with it. So we made it standard in all Tempests and Le Mans.

You see, it was inspired by those famous overhead cam engines in expensive European sports cars. With a few Pontiac refinements, of course.

That's why it'll keep running and running until somebody turns it off. And with a power reserve for expressway passing you'd normally expect from a V-8.

We even offer a 215-hp version that makes a lot of big V-8s seem awfully extravagant. Which is why we say, with a 6 like this who needs an 8?

Incidentally, a four-way hazard warning flasher, backup lights, and GM's energy absorbing steering column are some of the safety features also standard in all Tempests and Le Mans. So how can you possibly resist seeing your Pontiac dealer right now?
